

Amendments to the Drawings:

The attached sheets of drawings include changes to Figures 30C, 31, 32, 33, 34,35, and 36. The sheets (numbered 23-26) replace the original sheets (numbered 22-27) that included the changed figures.

Attachment: Replacement Sheets

Remarks/Arguments:

In the specification, the first paragraph was amended to reflect the fact that the current application is the National Stage of International Application No. PCT/US03/001587, filed 16 January 2003. No new matter was added.

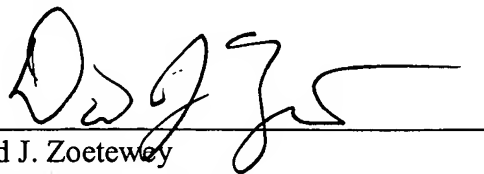

Drawing sheets originally submitted on April 24, 2003 in response to an Invitation to Correct Defects in the International Application are being resubmitted herein. The changes replace gray scale images with black and white line drawings, and provide more uniform legends. No new matter was added.

Claims 1-64 remain in this application. Claims 65 and 66 have been canceled. Claims 31-66 were previously mis-numbered 30-65 in the international application as the application included two claims designated as claim 30. The claims were amended such that the claim dependencies reflect the corrected claim numbers. Claims 37-40 were amended to correct typographic errors. No new matter was added.

It is believed that the case is now in condition for allowance, and an early notification of the same is requested. If the Examiner believes that a telephone interview will help further the prosecution of this case, he is respectfully requested to contact the undersigned attorney at the listed telephone number.

Very truly yours,

SNELL & WILMER L.L.P.
